The Emoji Movie unlocks the never-before-seen secret world inside your smartphone. Hidden within the messaging app is Textopolis, a bustling city where all your favorite emojis live, hoping to be selected by the phone's user. In this world, each emoji has only one facial expression - except for Gene, an exuberant emoji who was born without a filter and is bursting with multiple expressions. Determined to become "normal" like the other emojis, Gene enlists the help of his handy best friend Hi-5 and the notorious code breaker emoji Jailbreak. But when a greater danger threatens the phone, the fate of all emojis depends on these three unlikely friends who must save their world before it's deleted forever.
